GOVERNING BOARD'S BASIC COMMITMENTS

The Governing Board recognizes the value of adopting broad statements of purpose, goals and fundamental values. These statements provide guidance to the Board as it develops policies and annual goals and to staff as it conducts the business of the District.

A **mission statement** is an expression of the organization's reason for being. The **vision** describes what the future will be when the District achieves its strategic priorities and fulfills its mission. The **strategic priorities** are long-term goals for the organization and are the foundation on which schools and departments make all decisions. The **core values** are useful in delineating the culture of the organization and providing the governing board, administrators, and staff with standards of organizational behavior.

MISSION STATEMENT

The mission of the Tucson Unified School District, in partnership with parents and the greater community, is to assure each pre-K through 12th grade student receives an engaging, rigorous and comprehensive education.

VISION

Tucson Unified School District is a professional learning community that ensures every student learns, exceeds all expected performance standards, graduates, and is able to compete and succeed in a global economy.

TUSD's strategic priorities are to ensure that

- student achievement is our primary focus.
- professional learning communities exist and are supported at all levels.
- results are available, analyzed and used in all decision making.
- collaboration, courtesy and cooperation are expected from everyone.
- sound strategic and financial planning are practiced.

ORGANIZATIONAL VALUES

As Tucson Unified School District strives for excellence in planning, delivering educational programs and decision-making, processes and behaviors will be guided by the following organizational values.

- We value classrooms as the core of successful education.
- We value diversity through intercultural proficiency.
- We value each student as an individual who will learn.
- We value teamwork among students, parents, colleagues, and the community to achieve common goals.
- We value collective inquiry to find new methodologies for success.
- We value and celebrate positive results, taking pride in our efforts that produced them.
- We value exceptional service to students, parents/guardians, colleagues and community.

SIX DISTRICT STRATEGIC GOALS

- Each TUSD student will attain the skills to achieve a minimum of one year's growth annually, meet or exceed promotion/graduation requirements, and become a life-long learner in order to compete in a global society. Each TUSD school will eliminate the Achievement Gap.
- TUSD sites and departments demonstrate and communicate a welcoming, safe, engaging, and collaborative environment which leads to improved delivery of educational services and positive public perception.
- TUSD recruits, hires, and supports a diverse and productive workforce, using advanced technology, tools, and employment practices which attract and retain the most highly qualified employees for all positions.
- TUSD deliberately uses the district and community's wealth of diversity to continue to eliminate racism, prejudice, and the Achievement Gap.
- TUSD's comprehensive and integrated communications plan will facilitate improved community relations and increased enrollment through support of organizational efficiency and student achievement.
- TUSD's combined strategic and financial planning process will result in an alignment of resources for goal achievement, increased District efficiency, and moving resources closer to schools and classrooms.

DROPOUT PREVENTION
ADOPTED BUDGET FY 10-11

The legislature has allowed school districts to increase the expenditure limit by 75% of the difference between the 40th day and the 100th day High School ADM times the Base Level Support per student. This increase is allowed only if the funds are restricted for Dropout Prevention programs. The amount budgeted for FY 05-06 has been limited to the FY 91-92 level.
