

ParentVUE Basics: Activation and Use

Before You Start

- You can access ParentVUE through a web browser on any computer.
- There is also a ParentVUE app you can download for any mobile device. Just search for “ParentVUE” in the app store for your mobile device and download it for free.
- Initial account activation must be performed through the ParentVUE website using a web browser. You cannot activate your account using the mobile app.
- ParentVUE allows you to view information about your children who are currently attending TUSD schools. Access attendance, grades, homework information.

Note: Grade Book data will be available as of Aug. 22.

- Before you can sign on to ParentVUE, the school your child attends must generate an activation key for you to sign on initially.
- Screen illustrations in this document reflect the ParentVUE interface accessed through a web browser.

ParentVUE Online: https://parent.tusd1.org/Login_Parent_PXP.aspx

Initial Sign On/Account Activation

1. On your computer, open your web browser and navigate to the TUSD ParentVUE web address. The first time you sign on, you will need to use your activation key to create your account.

Initial account activation must be performed through the ParentVUE website using a web browser. You cannot activate your account using the mobile app.

The image displays two side-by-side screenshots of the ParentVUE website interface. The left screenshot is titled "Login" and features a light blue background with a white header. It contains two input fields: "User Name:" and "Password:", each followed by a white text box. Below these fields is a grey "Login" button. At the bottom, there is a link that says "Forgot your password? Click here." The right screenshot is titled "Activate My Account" and also has a light blue background with a white header. It features a small icon of two people. A red rectangular box highlights a blue link that reads "I have an activation key and need to create my account>>".

2. Click I have an activation key and need to create my account.

3. In the next screen you'll be prompted to read and accept a privacy statement.

Step 1 of 3: Privacy Statement

Read through the following Privacy Statement and click the Accept button to agree to the privacy agreement

ParentVUE/StudentVUE Use Agreement

ParentVUE and StudentVUE are internet-based applications that provide access to education records for parent/guardian and students of the district through a secured Internet site. All parents/guardians and students who wish to use ParentVUE or StudentVUE must comply with the terms and conditions in this Agreement.

A. Rights and Responsibilities
Access to ParentVUE/StudentVUE is a free service offered to all current students and parents/guardians of district students. Access to student information through ParentVUE/StudentVUE is a privilege, not a right. A parent/guardian will be authorized to activate a ParentVUE account only after the student is enrolled in the district. Once a student withdraws or graduates, ParentVUE access to that student's education records will be inactivated. Parents/guardians and their student(s) must practice proper and ethical use of ParentVUE.

Parents/guardians and students will need a device with Internet service to use ParentVUE or StudentVUE. While these applications are designed to be user friendly, the district cannot promise optimal access for all users and due to limited resources, cannot offer personal troubleshooting if there are difficulties connecting to or using ParentVUE or StudentVUE.

Clicking I Accept means that you agree to the above Privacy Statement.

4. When you click I Accept, you'll advance to the next screen in the account activation process.

Step 2 of 3: Sign In with Activation Key

Please enter your first name, last name and the 7 character authentication key (provided to you by the district), to activate your ParentVUE account:

First Name

Last Name

Activation Key

5. Type your First Name, Last Name and Activation Key.

IMPORTANT: Type your name exactly as it appears on the printed sheet with your activation code.

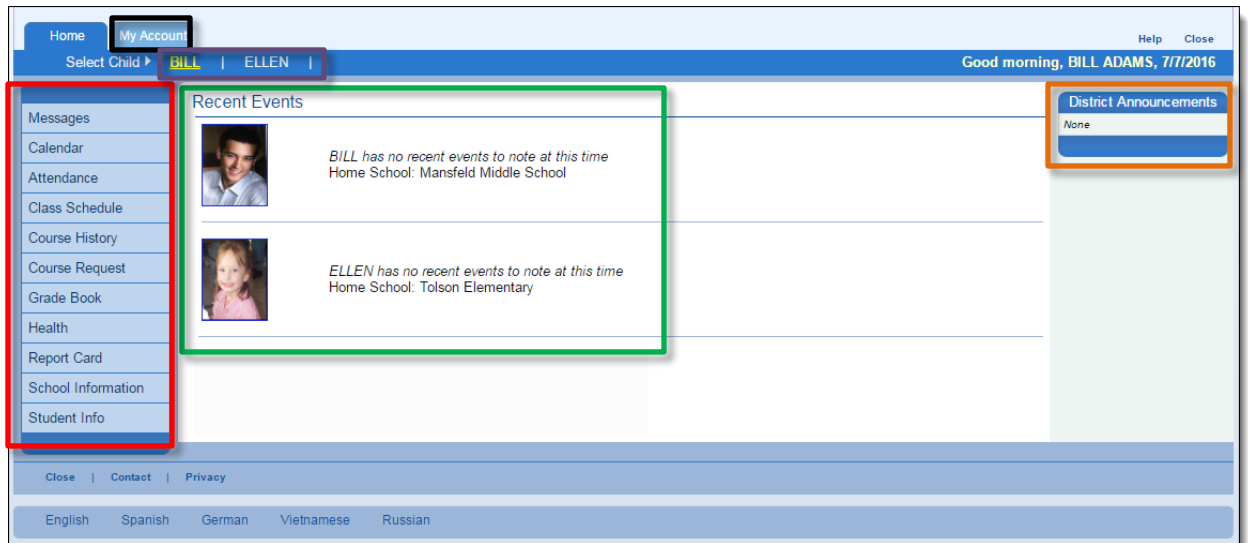

6. Click Continue to Step 3.

7. In the next screen, type a **User Name** (minimum 6 characters) and a **Password**.

The screenshot shows a web form titled "Step 3 of 3: Choose user name and password". The form has a light blue background and a blue header. The text reads: "Welcome **Abbott, Billy**. To complete your account activation you will need to create your username and password. Remember that passwords are case sensitive. Your password can consist of numbers and letters and must be a minimum of 6 characters in length." Below the text are four input fields: "User Name", "Password", "Confirm Password", and "Primary E-Mail". A "Complete Account Activation" button is centered at the bottom of the form.

8. Confirm your password by typing it again.
9. Then enter your **Primary E-Mail** address. Click **Complete Account Activation**. The **ParentVUE** home screen appears.
10. Your account has been created! Once you sign out and later want to sign in again, you will just enter your **User Name** and **Password** and click **Login**.
